

CITRUS COUNTY MOSQUITO CONTROL DISTRICT

Mosquito Control Internship

Part Time/Seasonal

Minimum Wage/\$15.00 Hourly/ 700-hour max

MAJOR FUNCTION

Citrus County Mosquito Control District is a special taxing district tasked with the control of both vector and pestiferous mosquitos to protect the residents of Citrus County. As an Intern at CCMCD you will be given the opportunity to learn about integrated pest management, species identification, data management, and resistance testing. This internship will provide a hands-on experience into the Mosquito Control industry while working closely with professionals to complete tasks.

DISTINGUISHING FEATURES

Interns should be High school graduates or equivalent who are either accepted by or currently enrolled in a College or University. Interns should also show an interest in public health, natural sciences or other mosquito control related fields of study. Applicant must be at least 18 years old to apply.

MAJOR DUTIES

Note: The following duties are illustrative and not exhaustive. The omission of specific statements of duties does not exclude them from the position if the work is similar, related, or a logical assignment to the position. Depending on assigned area of responsibility, incumbents in the position may perform some or all the activities described below.

- Monitors and inspects mosquito breeding areas
- Determine landing rates for adult mosquitoes.
- Identifies, maps and records conditions of mosquito habitats.
